NorthStar ATV Broadcast Spot Sprayer

The NorthStar ATV broadcast spot sprayer comes equipped with a NorthStar on-demand diaphragm pump. Wide 14ft (3.9m) Spray pattern with dedicated broadcast lance/nozzle - no boom arms to clip and break on trees or posts. Heavy droplet pattern ensures minimal drift. Separate spray gun adjusts from stream to cone. Universal sprayer solution lets you spot spray and broadcast spray at the same time.

NorthStar's proprietary tank design features extra-thick walls won't bulge or sag. It stands up to chemicals because thanks to a special polymer known for its superior chemical resistance. Tank is UV-stabilized to prevent fading and other sun damage.
